

## Composite Fabricator

**Job#: 20161208\_ADV\_CF\_T**

Cornerstone Research Group Inc. is seeking a skilled Composite Fabricator with experience similar to finish carpenter for its growing startup subsidiary Advantic (<http://advanticllc.com/>). The Composite Fabricator will be responsible for fabricating, manufacturing, assembling and/or installing finished goods for customers to specific designs and specifications.

This position is temporary, with potential for extension based on performance and project backlog. This position reports to the Director of Operations.

**Ideal candidate is experienced in composite fabrication and commercial carpentry or construction. This experience may include some or all of the following expectations:**

- Maintain a professional attitude and demeanor at all times while exceeding customer expectations
- Fabricate and construct composite structures with a look of quality
- Work alone or lead a crew
- Read blueprints/takeoff diagrams and perform precise measurements
- Accurately cut material to length and locate holes and features
- Follow detailed manufacturing processes
- Perform all related tasks to complete job according to blueprints and/or work orders.
- Maintain a clean and organized work area
- Operate hand-tools, saws, mixers and other machinery (tools provided)
- Implement safe and best industry practices
- Operate forklift and material handling equipment

### **Experience, qualifications & requirements:**

- **Exclusive US citizenship required**
- Experienced in rough and finish carpentry
- Basic understanding of trades relevant to commercial construction
- Two-year degree or certificate with 3+ years of fabrication/carpentry experience preferred; high-school diploma/GED with 3+ years of experience accepted
- May require travel up to 50% of the time

### **Ideal candidate should also exhibit the following qualities:**

- Takes pride in their work - a true enjoyment of building or fabricating
- Attention to detail and craftsmanship
- Ability to perform in the fast-paced environment of a rapidly growing small business
- Excellent communication, interpersonal, and organizational skills
- Attitude of enthusiasm, professionalism, and excellence
- Self-motivation, initiative, attention to detail, with an improvement-oriented mentality

### **PHYSICAL DEMANDS**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee is frequently required to stand or walk for a majority of the work day; sit; climb stairs and ladders; balance and stoop; kneel, crouch or crawl; use hand tools and fine motor skills; talk and hear. The employee may be required to lift, carry, push or pull up to 100 lbs. Specific vision abilities required by the job include close vision, distance vision, peripheral vision, depth perception, and the ability to adjust focus.

### **WORK ENVIRONMENT**

Work environment characteristics described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee will be exposed to manufacturing, construction and R&D laboratory environments. The use of appropriate safety equipment such as safety glasses and shoes or wearing a respirator may be required. The employee should have basic awareness of hazardous materials, and be able to read SDS reports and follow appropriate precautions. The noise level in the work environment is usually low to moderate.
